**Review of Information Notes/Application for a
Dermatological Product to be considered by the
Advisory Committee on Borderline Substances.**

This draft document on the revised Information Notes/Application for a Dermatological Product to be considered by the ACBS was reviewed by the Therapy & Guidelines Sub-Committee of the British Association of Dermatologists.

No major issues were identified. There were a few minor grammatical and typographical points:

- A typo (new) on the 1st line of the 1st page of Appendix 2.
- P.3. 4.1.2 Data *were* not *was*.
- P.7. 5.3.4 Word order change. 'the product is manufactured, or any component of the product is changed'.
