4th-5th November 2010

Dear Colleague,

Following the continued success of our last five meetings, I am delighted to invite you to attend this year's Clinical Dermatology Update Meeting designed specifically for Specialty & Associate Specialist Doctors working predominantly in Dermatology.

I would urge you to register early for this meeting as numbers are limited.

Chris Garrett & his team have done a lot of work to streamline the budget so, as you will see; the registration fees are approximately 45 % lower than last year! In line with 2009, we are still offering an early-bird discount rate and the opportunity for shared accommodation.

I look forward to seeing you at the meeting. Should you require any further information in the meantime, please do not hesitate to contact the British Association of Dermatologists for any assistance:
