

**DIAGNOSTICS ASSESSMENT PROGRAMME**

**VivaScope 1500 and 3000 imaging systems for detecting and monitoring skin cancer lesions**

**Diagnostics Consultation Document – Comments**

**British Association of Dermatologists’ official response  
(Skin Cancer, Therapy & Guidelines and Skin Cancer Prevention sub-committees)**

Comment number	Section number	Comment
1	1.1	We would suggest replacing "ruling out the need" with "informing the decision" for excision and biopsy as any imaging must be carried out in the clinical context.
