Gentle yet Strong

A soothing cream with the antimicrobial power to deal with Staph aureus associated with atopic eczema.

Eczmol contains 1% chlorhexidine gluconate which is highly active against Gram positive bacteria, especially Staph aureus, a clinically significant trigger factor in the pathogenesis of atopic eczema.

The gentle cream base spreads easily and evenly and is quickly absorbed into the skin.

ACKNOWLEDGEMENTS
The British Association of Dermatologists gratefully acknowledges the contribution of the many exhibitors & sponsors whose attendance has helped make the meeting possible.
A WARM WELCOME TO LONDON 2011

Welcome to the 91st Annual Meeting of the BAD. The venue, London ExCeL, has been recently redeveloped as London's first International Convention Centre and offers us a state of the art experience for the meeting. Officially opened by Mayor Boris Johnson in June 2010, the centre houses a tiered seating auditorium, a Capital Hall for exhibitions and 17 separate meeting spaces. This perfectly meets the requirements for the BAD conference and we will take the entire ICC space.

With 5 on-site hotels and 10,000 rooms within 20 minutes of ExCeL London, it is easy to stay near to the ICC, but central London is just a 45-minute journey via Docklands Light Railway. Delegates should note that the Prince Regent stop on DLR allows direct covered access to the ICC venue.

Scientific Programme
Building on its reputation as a high quality, internationally renowned event, this year’s programme will inform, educate and stimulate thought and discussion. The annual meeting committee has again worked hard to provide a blend of new scientific presentations from experts in a wide range of fields. Following delegate feedback, we will continue with the 3-day meeting schedule.

We are pleased to announce that the Arthur Rook Oration will be delivered by Professor Luis Diaz from from North Carolina, USA, presenting on Immunobullous Disease. Professor John McGrath from London will give the first of the guest lectures at the plenary session on Tuesday with an update talk on New Discoveries and Treatments for Patients with Inherited Skin Disease. He will be followed later that afternoon by Professor Sam Leinster, of the Norfolk and Norwich University Hospital who will be discussing Problem based Learning. Wednesday’s programme features Professor Hensin Tsao of Massachusetts, USA who will be delivering on Melanoma & Genetics. The final guest lecture will come from Professor Sir Peter Rubin Chair of the General Medical Council during the CPD session on Thursday afternoon talking on Revalidation.

We will continue with the poster viewing session before the AGM on the Wednesday morning. We have Satellite Symposia on two days and a return to the focus sessions on Wednesday lunchtime, featuring the topics: Clinical Services: Surgery and Medical Therapeutics. Medical Dermatology features strongly in the programme with a dedicated session on Wednesday afternoon. Professors Vincent Piguet, Celia Moss and Nick Reynolds will be presenting at the Professors’ and Registrars’ plenary forum on Thursday morning, with the popular CPD session continuing on Thursday afternoon.

Social Programme
The Welcome Reception will be held at the ExCeL London venue, offering a unique chance for all attendees and exhibitors to meet on the opening evening of the Annual Meeting. The reception will begin after the final session finishes at 18:00 and will leave time for attendees to dine afterwards.

The Annual Dinner will be held at the Painted Hall part of the Old Royal Naval College, Greenwich. The Painted Hall is probably the finest dining hall in the Western world, is decorated with stunning paintings by James Thornhill, and is part of the King William Court.

Enjoy the meeting!

Jane Sterling
Academic Vice President (2009-2011)
ACCOMMODATION

Accommodation booking form

Ellis Salsby Ltd is the official hotel booking service for:

The 91st Annual Meeting of the British Association of Dermatologists / The 21st Annual Meeting of the British Dermatological Nursing Group 2011

ICC ExCeL London

![Map of London with hotel locations]
ACCOMPANYING PERSONS

We regret to inform you that due to a lack of numbers in recent years we are not offering any accompanying person programme at the 2011 meeting.

We will be able to guide anyone visiting London to attractions and possible tours within the City and surrounding area.

We regret that neither accompanying persons nor children/babies are permitted entrance to the exhibition areas.

BADGES

Conference badges will be handed to delegates on registration. For security purposes name badges must be worn at all times throughout the meeting. In the event that you lose your badge, a replacement must be obtained at the registration desk immediately.

BANKING

You will find two HSBC Machines at the West End of the boulevard, and Barclays and HSBC ATM’s situated in the boulevard on Level 0, and one at the East end of the Boulevard by N6/S6. All machines accept all bankcards.

BUSINESS SERVICES

T: +44 (0) 20 7069 5005
E: info@abouttowncarriages.co.uk
Faxing, internet access, printing from USBs, laminating, mobile phone hire and charging services are available from Business Service, located on level 0 of the boulevard. Business Services also sell a range of products including; stationary, tools, tape, extension leads and batteries. They also purchase any foreign currency in exchange for GBP, however, they do not sell any foreign currency.

CATERING

Lunch and all scheduled refreshment breaks will be served from designated points in the Capital exhibition hall of the ICC ExCeL London. If the nearest catering point is not open, staff will direct you to the next most convenient point.

CERTIFICATES OF ATTENDANCE

Certificates of attendance will be in your registration envelope.

CHILDMINDING/ BABYSITTING

Please note that babies and children cannot be admitted to the exhibition areas or social events.
T: +44 (0) 800 083 8853
E: www.leapfrogdaynurseries.co.uk
Leapfrog provides a safe, clean and contemporary environment for 100 children aged 3 months to 5 years. A separate crèche facility is available for parents wishing to leave their children in reliable care for just a few hours whilst attending events at ExCeL London. Please be aware that the Crèche requires 1-week notice, and is unable to accept children without prior notice.

CLOAKROOM

The cloakroom will be located in the Lower Foyer at the ICC ExCeL London. There will be a charge of £1 per item. Guests will also be able to store luggage on the day of departure.

COMMITTEE MEETINGS

A programme of the scheduled committee meetings can be found on page 15.

CONTINUING PROFESSIONAL DEVELOPMENT CREDITS (CPD)

This event will be approved for External credit for the CPD Scheme of the Federation of Royal Colleges of Physicians of the UK. Physicians should record their credits in their diaries, in accordance with the current RCP recommendations. Participants should only record the number of hours they attended. The main meeting has been approved for 18 credits and the CPD code is 65665.

EXHIBITION

The exhibition will be located in the Capital Exhibition Hall of ICC ExCeL London and will be open at the following times:
- Tuesday 5th July  10:00 – 19:30
- Wednesday 6th July   08:30 – 17:30
- Thursday 7th July   08:30 – 14:30

EXHIBITION QUIZ

Exhibition quiz forms will be included in delegate bags. To participate in the quiz, delegates must visit each participating exhibitor and answer a simple question. Participants must also obtain 4 answers from the patient support groups, please note you only need 4 from any of the Patient Support Groups present over the duration of the meeting. All completed quiz forms must be returned to the registration desk by 14:00 on Thursday 7th July. The prizes will be announced after the meeting.

EXHIBITORS

Please see page 13 for a full list of exhibitors and an exhibition plan.

FIRST AID

The First Aid room is located on Level 0 in the Boulevard. If you require first aid please contact the medical treatment room on T: +44 (0) 20 7069 5556.

LUNCHTIME FOCUS SESSIONS

All 13:15 – 14:15 Free of charge and including lunch bag. Limited places available. Please reserve your place using the registration form.

Wednesday 6th July
• Clinical Services
MESSAGES
A delegate notice board will be situated adjacent to the registration desk, where all delegates’ messages will be displayed.

PARKING
ExCeL London offers on-site car parking for 3,700 cars, including over 2,000 spaces directly beneath the venue.

All onsite parking is pay and display. The ticket machines are located within the car parks and accept coins, notes and credit cards. As ExCeL London is a green venue, all pay and display machines will be found on stand-by which will activate as soon as you insert your card or cash.

The exception to this being Royal Victoria multi-storey car park, which is located at the west end of the site, next to the Crown Plaza Hotel. Car park tickets are issued via a barrier system on entry and payment should be made on departure. Payment machines are located at the entrance to the car park on level zero and on level two and accept both cash and credit card.

The undercroft Purple and Orange car parks have a 1.9m height limit, and the Royal Victoria (Blue) multi-storey has a height limit of 2m. The East car park has no height restriction.

Please note that the car parks are allocated on a first come first served basis. Overnight sleeping within vehicles is prohibited.

The on site hotels have their own private car parking facilities. Please contact the relevant hotel for further information.

Bicycles can be parked at the racks opposite the entrance to the Novotel Hotel or located at the West Taxi rank.

PATIENT SUPPORT GROUPS
The following patient support groups will be represented at the meeting and will have stands in the Capital Exhibition Hall:

**Tuesday 5th July, Wednesday 6th July Only**
- Gorlin Syndrome Group
- PSALV, Psoriasis Scotland Arthritis Link Volunteers
- Skin Camouflage Network

**Tuesday 5th July, Wednesday 6th July, Thursday 7th July**
- Alopecia UK
- British Association of Skin Camouflage
- British Red Cross
- Changing Faces
- DebRA
- Dermatology Specialty Group
- Herpes Viruses Association
- Ichthyosis Support Group
- Lymphoedema Support Group
- National Eczema Society
- Psoriasis Association
- Psoriasis & Psoriatic Arthritis Alliance
- Scleroderma Society
- The Hyperhidrosis Support Group
- The Vitiligo Society
- UK Dermatology Clinical Trials Network
- Vulval Pain Society

**Wednesday 6th July Only**
- Ehlers-Danlos Syndrome Group
- Latex Allergy Support Group

In addition, the following groups will have stands within the exhibition area:
- BADBIR
- British Dermatological Nursing Group
- British Skin Foundation
- BAD Journals
- Community Dermatology & IFD
- Historical Collection

PAYMENT OF REGISTRATION FEES
We would prefer delegates to pay by cheque (pounds sterling drawn on a UK bank only or by sterling bank draft) made payable to the ‘British Association of Dermatologists’. Cheques in other currencies cannot be accepted. Alternatively, delegates may pay by credit card and this is encouraged for overseas delegates. Please note that we only accept MasterCard and Visa. American Express cannot be accepted.

POSTER EXHIBITION
The poster exhibition will be located within the Capital Exhibition Hall. The posters will be numbered and a list is provided at the back of this programme.

There will be an e-poster display area showing all the posters submitted. Successful submitting authors will be asked to supply a PDF template of their poster.

Posters should measure a maximum of 1.5m high x 1m wide (portrait) and must be mounted with Velcro. Presenters will be able to mount their posters from 10:00 on Tues 5th July. Posters should not be removed until 14:00 on Thursday 8th July. Please note that the British Association of Dermatologists cannot be held responsible for any loss or damage to a poster presented during the Annual Meeting.
REGISTRATION DESK
The registration desk will be located in the ICC ExCeL London Level 0 Foyer area and will be staffed by the BAD team during the following hours:

Mon 4th - Thurs 7th July 08:00 – 18:00

Speaker preview will be located on Level 1 of the ICC ExCeL London venue, please ask at the registration desk for directions. All presenters must take their disks to speaker preview at least two hours prior to their presentation. Data projection (PowerPoint) will be available.

SPECIAL INTEREST GROUPS
The following Special Interest Groups will hold their meetings during the week of the conference. All special interest group meetings will take place in London. Their full programmes are featured at the back of each days full programme.

Tues 5th July
British Teledermatology Society 10:00 – 12:00 (Page 25)
British Society of Cutaneous Allergy 09:15 – 12:45 (Page 26 – 27)
British Society for Paediatric Dermatology 09:45 – 12:45 (Page 28 – 29)
Historical 11:00 – 12:00 (Page 30)
British Society for Dermatopathology 15:00 – 18:00 (Page 31 – 32)

Wednesday 6th July
British Society for Dermatological Surgery 14:30 – 18:00 (Page 37 – 39)
British Photodermatology Group 14:30 – 18:00 (Page 40 – 41)
**TAXIS**
Taxis drop off and pick up point for black cabs are located at ExCeL London’s West and East Entrances. Business Services provide an extensive range of chauffeured vehicles as well as executive and luxury coaches to get you about whilst visiting our venue.

**TRANSPORT – IN AND AROUND LONDON - TO AND FROM ICC ExCeL London**
http://www.excel-london.co.uk/icc/abouticc/access

London’s central location on the world’s flight paths places the city as a crossroads for Asia, Europe and the Americas. It can be reached by more delegates from more destinations in less time than any other city in the world. A truly global place to meet and do business. Once here, the highly efficient and extensive public transport network allows delegates to navigate around the city with utmost ease.

**By Road**
ExCeL London is located outside Central London’s congestion charging zone, 4 miles east of Tower Bridge and offering 3,700 onsite car parking spaces. The venue is easily accessible from the M25, M11, A13, North Circular, Limehouse Link, Blackwall Tunnel and Rotherhithe Tunnel. Frequent coach services connect London to the rest of the UK and continental Europe.

**By Air**
London’s 5 international airports serve 140 overseas destinations and most of the world’s major airlines - including nearly every major intercontinental and European scheduled carrier.

In recent years, London has become a major hub for low cost airlines such as Ryanair, EasyJet and bmi, reducing the cost of hundreds of short haul routes to continental Europe.

**By Tube / DLR**
The Jubilee line is the quickest route to ExCeL London and is the only line to interchange with all other tube stations. The Jubilee line connects with the Docklands Light Railway (DLR) at Canning Town, delivering visitors to the venue within 3 minutes. Tube and DLR travel time from Central London (Oxford Street) to the venue is approximately 35 minutes.

An Oyster Card is similar to a pay-as-you-go phone and is generally the cheapest way to make single journeys in the Capital. Delegates can use an Oyster Card on buses, Tubes, trams, the DLR, London Overground and some National Rail services in London. Tickets can be purchased on arrival in London or online prior to arrival via Visit Britain’s website.

Pay-as-you-go has several advantages over paper tickets:

- Oyster single fares are generally cheaper e.g. £4 for a single tube journey compared to a maximum of £2 with an Oyster Card
- Credit can be used as you need it and doesn’t expire
- Daily price capping automatically calculates the cheapest fare for all the journeys you make in a single day
- Delegates avoid queuing to purchase daily transport tickets

2. ICC Capital Hall - Posters, Exhibition & Catering
3. ICC Capital Suite - BDNG, SIGs, Committee, Satellite Symposia
4. Speaker Preview
5. Registration
6. Boulevard
7. Prince Regent DLR
SOCIAL EVENTS

WELCOME RECEPTION
ICC ExCeL London
Tuesday 5th July 18:00 – 20:00

The Welcome Reception will be held at the ICC ExCeL London venue. Offering a unique chance for all attendees and exhibitors to meet on the opening evening of the Annual Meeting. Drinks and canapés will be served after the final session finishes at 18:00 and will leave time for attendees to dine afterwards. The reception will either take place in Capital Exhibition Hall or just in the outside area to the East of the Venue.

SPORTS ACTIVITIES

DRAGON BOAT RACING
ICC ExCeL London
Tuesday 5th July 18:00 – 20:00

This event will be taking place at the London Regatta Centre next to ExCel and is a fundraiser on behalf of the British Skin Foundation. If you think that the dragon boat experience is something that you would like to try please let us know as soon as possible and we will assign you to one of the twelve teams taking part in the event. If you have friends or colleagues attending the conference who are also keen to take part and you would like to enter as a team, we will do our best to accommodate. Each boat holds a crew of ten plus of course a drummer for that authentic dragon boat feel.

Prefer to just relax and support your colleagues in their efforts? The London Regatta Centre offers a good choice of food as well as a bar so you can enjoy an early evening by the river and stay dry.

To take part in this event or for further information please contact the BSF on 020 7391 6341 or events@britishskinfoundation.org.uk

ANNUAL DINNER
Wednesday 6th July 19:30 – late
The Painted Hall

The Annual Dinner will be held at the Painted Hall part of the Old Royal Naval College, Greenwich. The Painted Hall is probably the finest dining hall in the Western world, is decorated with stunning paintings by James Thornhill, and is part of the King William Court. Places will be limited so book early to avoid disappointment.
## COMMITTEE MEETINGS

A. Fogo, M.-L. Daly, C. Duhovic, C. McDonald and R. Morris-Jones

12:03 CPC-16 **A case series of BRAF V600E inhibitor (PLX4032) related cutaneous eruptions in metastatic melanoma**
R. Sinha, L. Fearfield and J. Larkin

12:15 Joint BAD/BSD Neil Smith Lecture
**Melanocytic tumours of uncertain malignant potential - MELTUMPS**
Professor David Elder (Philadelphia, USA)

12:45 – 14:30 Lunch & Exhibition Capital Hall

**13:15 – 14:15 ABBOTT SATELLITE SYMPOSIUM (PAGE 54) ROOM 14, 15, 16**

**13:15 – 14:15 ALMIRALL SATELLITE SYMPOSIUM (PAGE 54) ROOM 12, 7**

**13:15 – 14:15 BEIERSDORF SATELLITE SYMPOSIUM (PAGE 55) ROOM 11, 8**

**14:30 – 18:00 BRITISH SOCIETY FOR DERMATOPATHOLOGY (PAGE 31 – 32) ROOM 12, 7**

14:30 – 18:00 **SCIENTIFIC SESSION - SUBMITTED PAPERS** Capital Auditorium

**CHAIRS**
Dr Stephen Jones & Dr Jane Sterling

14:30 Offical Opening & Welcome - Dr Stephen Jones

14:45 O-1 **Alterations in leucocyte subsets in the blood of patients with psoriasis**
G. Obermoser, C. Ryan, J. Banchereau, V. Pascual, D. Chaussabel and A. Menter

15:00 O-2 **Newer therapeutic indication of an older drug**
A.J. Kanwar and D. De

15:15 O-3 **Clinical investigation of the U.K. cohort of FLCN mutation-positive patients with Birt–Hogg–Dubé syndrome**
Over the last 20 years the molecular basis of several hundred genodermatoses has been established. Moreover, technological advances such as whole exome sequencing have accelerated discovery of mutant genes and the plethora of genotype/phenotype data provide new opportunities for translational research. Complementary approaches of gene, protein, cellular and drug therapy are now all in clinical trials in patients. This presentation will review recent “gene hunting” findings and outline the immediate clinical benefits for patients, including better genetic counselling and the feasibility of DNA-based prenatal diagnosis. The latest developments in gene and cell therapy for patients and the impact of emerging clinical trial data will also be discussed.

The use of Problem Based Learning (PBL) has become firmly established as a teaching method in medical education over the past 4 decades. This talk will examine its origins, its underpinning theoretical basis and some of the empirical evidence for its effectiveness. It will discuss the place of PBL in future medical teaching.

**CHAIR:** Dr Saul Halpern

10:00 – 10:20

**BT01**

**What resources do medical students use in order to gain additional dermatology exposure and increase their diagnostic confidence?**

S. Maxwell, R.B. Aldridge and J. Rees

10:20 – 10:35

**BT02**

**Real-time, transcontinental dermatology teaching of trainee physicians in Somaliland using a dedicated social networking portal: a novel application of teledermatology**

F. Ali, J. Bowen, J. Mahamed and A.E. Finlayson

10:35 – 10:50

**BT03**

**Influence of additional dermoscopy images on teledermatology screening of skin lesions**

A. Sheraz and S.M. Halpern

10:50 – 11:05

**BT04**

**Establishment of a primary care-based teledermatology service in Kent**

S.M. Halpern and L. Shall

11:05 – 11:20

**BT05**

**Teledermatology using Choose and Book: can it improve your dermatology service?**

C.R. Charman, H. Malhomme and G. Slocombe

11:20 – 11:35

**BT06**

**A teledermatology pilot study in Hertfordshire: triage of 2-week-wait referrals**

V. Bataille, E. Hargest, V. Brown, V. Blackwell, S. Dawe, A. Cooper and J. Hamp

11:35 –

| 11:31 | PA07 | Netherton syndrome resulting from a novel homozygous SPINK5 mutation, p.Gln333X, in a Turkish pedigree  
J. Lai-Cheong, K. Fong, S. Akdeniz, H. Isi, M. Taskesen and J.A. McGrath |
| 11:37 | PA08 | Multiple squamous cell carcinomas in a child with T-cell immunodeficiency of unknown aetiology  
D. Torley and P. McHenry |
| 11:43 | PA09 | Urban–Rifkin–Davis syndrome: a novel autosomal recessive disorder that presents with loose skin and systemic complications  
M. O’Connell, K. Prescott, R.A. Sheehan-Dare and S.M. Clark |
| 11:49 | PA10 | MBTPS2 mutation in a family with keratosis follicularis spinulosa decalvans  
E. Wedgeworth, K. Fong, J. Lai-Cheong, J.E. Mellerio, J.A. McGrath and A.-M. Powell |
| 11:55 | PA11 | Recessive epidermolytic palmoplantar keratoderma caused by a keratin 1 mutation  
12:01 PA012 **Bathing suit ichthyosis: a rare variant of lamellar ichthyosis in a 13-year-old Bangladeshi boy**
A. Woods, Y. Moosa, S. Mansour and R.A. Marsden

12:07 PA013 **Hereditary vitamin D-resistant rickets presenting as alopecia**
T. McPherson, U. Kini, F. Ryan, S. Taijee, C. Moss and S.M. Burge

12:13 PA014 **Recurrence of inflammatory stage incontinence pigments: an example of cytokine-mediated apoptosis in a genodermatosis**
K. Salako and P. Yesudian

12:19 PA015 **Palmoplantar contractures in childhood: a rare complication of vascular Ehlers–Danlos syndrome**
A. Foulkes, G. Sobey, R. Pollitt, F.M. Pope and A. Taylor

12:25 PA016 **Association of recessive dystrophic epidermolysis bullosa and congenital sensorineural deafness in two siblings**
S. Vivehanantha, J.A. McGrath, J. Morton and C. Moss

12:31 Close

Posters

PA017 **Eccrine squamous syringometaplasia in a teenager**
E.T. Ooi, J. Walsh, A. Biswas and O.M. Schofield

PA018 **Propolis-related systemic contact dermatitis in a 9-year old boy**
Vanessa Smith, Siobhan Sinclair, Princess Royal Hospital, Hull, United Kingdom

PA019 **The use of methotrexate in paediatric dermatology: our experience in the last 6 years**
M. Sharma, R. Murphy, H.C. Williams and J.C. Ravenscroft

PA020 **Paediatric pyoderma gangrenosum with splenic and pulmonary involvement**
C.P. Allen, J. Hull, N. Wilkinson and S.M. Burge

PA021 **Cutaneous and systemic tuberculosis in early childhood with minimal symptoms: a diagnostic challenge that governs long-term disfigurement and disability**
V. Elangasinghe, M. Bamford, M. King and R. Graham-Brown

PA022 **Reduced meticillin-resistant Staphylococcus aureus in patients with eczema since the introduction of sodium hypochlorite baths**
A. Lowney, M. Bennett, M. Sadlier and J.F. Bourke

PA023 **A case of congenital dermatofibrosarcoma protuberans**
S. Shanmugam and S. Clark

PA024 **Two siblings with atrichia congenita due to a splice-site mutation in the human hairless gene**
A. Alsharqi, A. Salim, D. Nitoiu and D.P. Kelsell

PA025 **Palmoplantar keratoderma and deafness: a de novo autosomal dominant mutation in the GJB2 gene encoding connexin 26**

PA026 **Cerebral abscesses in Papillon–Lefèvre syndrome: a serious complication of neutrophil dysfunction**
F. Browne, R. Sammons, I. Chapple and C. Moss

PA027 **Neurofibromatosis type-1 presenting with atrophic skin lesions and haemangioma-like blue-red macules**

PA028 **A case of mosaic focal dermal hypoplasia in a female child with mild phenotypic features and review of the literature**
V. Samarasinghe, H.R. Murphy, M. Judge, J. Verbov and T. Clayton

#### 15:00 – 18:00 BRITISH SOCIETY FOR DERMATOPATHOLOGY  ROOM 12, 7

**CHAIR:** Dr Maureen Walsh

15:00  **DP01**  *Atypical Spitz lesions: prognosis and best management are uncertain*  
*E. Kulakov, N. Bagla and C. Fuller*

15:49  **DP02**  *BerEP4 expression is common in tumours of the sweat apparatus*  
*M. Afshar and A. Robson*

16:03  **DP03**  *p63 and MUM1 expression do not distinguish between primary cutaneous anaplastic large-cell lymphoma and lymphomatoid papulosis*  
*M. Afshar, E. Benton and A. Robson*

16:10 – 16:40  *Coffee*  
*CHAIR:* Dr Saleem Taibjee

16:40  **DP04**  *Unravelling the phenotype–genotype mismatch in cutaneous ossification*  
*V. Elangasinghe, P. Da Forno, M. King and R. Graham-Brown*

16:47  **DP05**  *Aggressive digital papillary adenocarcinoma: clinicopathological study of 31 cases of a rare neoplasm*  
*R. Suchak, W.-L. Wang, V. Prieto, T. Brenn, A. Lazar and E. Calonje*

17:01  **DP07**  *Localized delayed-onset primary inflammatory dermatoses after breast radiotherapy*  
*J. Ingram, I. Thompson, N. Stone and G. Patel*

17:08  **DP08**  *Three cases of scalp necrosis secondary to giant cell arteritis*  
*R. Woolf, A. Robson and D. McGibbon*

17:15  **DP09**  *Urticarial vasculopathy: a vasculitis mediated by the humoral component of the immune system?*  
*F. Bakr, K. Bhargava, C.E.H. Grattan and A. Robson*

17:22  **DP10**  *Metallosis: an unusual cause of granulomatous dermatitis and panniculitis*  
*E. Higgins, C. Hackett, A. Maguire, E. Heffernan, K. Sheahan and P. Collins*
17:29 DP11 Paraneoplastic panniculitis with malignant carcinoid tumour of the terminal ileum: a new association
H. Hunter, N. Leonard and N. Wilson

17:36 DP12 Severe blistering drug eruption secondary to imatinib
F. Hussain, F. Craig, S. Robinson and F.M. Muller

17:42 DP13 Five cases of solitary mycosis fungoides: a useful concept?
M. Ally, M. Tanaka, J. Pawade, S. Whittaker and A. Robson

17:49 DP14 JAK/STAT signalling in pyoderma gangrenosum
J.A. Palanivel, A.E. Macbeth and N.J. Levell

17:56 DP15 Methotrexate toxicity to psoriatic plaques
A. Foulkes, N. Kirkham and N.J. Reynolds

18:03 Best presentation prize and close

</table>

The recent growth of genomic technologies has ushered in a molecular revolution in modern healthcare. Our ability to rapidly and accurately genotype germline and somatic variants has led to an infusion of “precision medicine” for the melanoma patient. Genome-wide association studies have yielded a harvest of low-to-moderate risk single-nucleotide polymorphisms (SNPs) which can be employed for gauging melanoma risk. Similarly, next-generation sequencing capabilities have uncovered novel tumor dependencies and have triggered a new wave of molecular therapies against metastatic melanoma. In this talk, we will review the most recent discoveries and their implications for the melanoma physician.

10:00 – 11:00  Coffee & Poster Viewing  Capital Hall
11:00 – 13:00  **Annual General Meeting (members only)**  Capital Auditorium
13:00 – 14:30  Lunch & Exhibition  Capital Hall
13:15 – 14:15  **L01 Lunchtime Focus session - Clinical Services**  Room 14, 15, 16

Presented by Dr Catriona Irvine, Clinical Vice President and Tania von Hospenthal, Clinical Services Manager with invited speakers to be confirmed.

During this lunchtime session we will discuss Coding and Commissioning. Accurate coding of attendances and procedures in dermatology is essential to ensure proper planning of services and income. Commissioning of dermatology services is increasingly complicated with the proposed NHS changes and we will outline important aspects to help departments bid for dermatology community services.

13:15 – 14:15  **L02 Lunchtime Focus session - Surgery for the General Dermatologist**  Room 12, 7
13:15 L02a Essential anatomy for the general dermatologist: The core anatomy necessary for all clinicians involved in procedures which breach the dermis will be outlined.
Dr James Shelley

13:36 L02b Basic skin surgery techniques: Good skin surgery is all about performing the basic skills to a high level. These aspects are outlined for punch, incision and excision biopsy.
Dr Rupert Barry

13:56 L02c Dermatological surgery pearls: Techniques used in various aspects of skin surgery are presented in a series of skin surgery pearls.
Dr James Langtry

13:15 – 14:15 L03 Lunchtime Focus session - Medical Dermatology - Pearls and Pitfalls
Room 11, 8

13:15 L03a Pearls and pitfalls of oral mucosal diagnosis and management
Tim Hodgson

13:35 L03b Staphylococcal infection: a bug in the immune system
Mike Ardern-Jones

13:55 L03c Lupus: A Wolf in Sheep’s Clothing
Susan Burge

14:30 – 18:00 BRITISH SOCIETY FOR DERMATOLOGICAL SURGERY (P37) ROOM 12, 7

14:30 – 15:30 Scientific Session – Medical Dermatology & Submitted Papers
Capital Auditorium

14:30 MD01 Emerging infections
Professor Roderick Hay (London)

15:00 O-11 Prophylactic antibiotics for the prevention of cellulitis of the leg: results of the U.K. Dermatology Clinical Trials Network’s PATCH II trial
PATCH Trial Team UK, Dermatology Clinical Trials Network

15:15 O-12 Efficacy and safety of adalimumab in treatment of moderate to severe hidradenitis suppurativa: results from the placebo-controlled portion of a phase II, randomized, double-blind study
A.B. Kimball, G. Jemec, Y. Gu and M. Okun

15:30 MD02 Lupus for the Dermatologist
Dr Mark Goodfield (Leeds)

16:00 – 16:30 Tea & Exhibition
Capital Hall

16:30 – 18:15 Scientific Session – Medical Dermatology & Submitted Papers
Capital Auditorium

CHAIRS: Dr Jane McGregor & Dr Charlotte Proby
16:30 MD03 Immunosuppression and skin cancer  
Dr Catherine Harwood (London)

17:00 O13 Vitamin D deficiency and skin cancer surveillance in renal transplant recipients  

17:15 O-14 Clinical phenotype and pathological features in 26 DRESS cases: are there markers of prognostic significance?  
S. Walsh, S. Diaz-Cano and J.D. Creamer

17:30 MD04 Xeroderma Pigmentosum: the destructive power of ultraviolet radiation  
Dr Robert Sarkany (London)

DS30 Multimodality treatment for nonmelanoma skin cancer: a prospective study done on 120 patients
A. Mebed, Z. Gad, H. Soliman and R. Abdel Hay

DS31 Local anaesthetic and the dermatologist: a national survey
A. Walsh, B. Moran and S. Walsh

DS32 Interactive surgical live link: a unique approach to teaching dermatologic surgery
A.A. Atwan and M.L. Gonzalez

DS33 The number of benign moles excised for each malignant melanoma: the number needed to treat
S. Sidhu, N. Williams, O. Bodger and D. Roberts

DS34 Will the introduction of new NICE guidelines change the management of basal cell carcinomas in the community?
A. Alsharqi and N. Wilson

DS35 The prevalence of musculoskeletal symptoms among dermatological surgeons in the U.K.: a web-based survey
R.R. Rahim and R.B.M. Barry

DS36 How effective is the skin cancer referral pathway?
M.G. Khorasgani, R. Simpson and R.M. Burd

DS37 Accuracy and completeness of excision biopsy for skin cancer: findings of four consecutive audits between 2006 and 2010
J. Mann, P. Thomson and I. Palamaras

DS38 The Beaver blade: a surgical tip for the Mohs surgeon in tackling anatomically challenging sites
H. Al-Rawi and S. Varma

DS39 The bandage contact lens: a simple way to protect the cornea in periocular post-Mohs defects
H. Al-Rawi, T. Steel, L. Abercrombie and S. Varma

DS40 Axillary web syndrome (Mondor disease): a rare complication from simple cutaneous surgery
H. Al-Rawi, S.N. Cohen and S. Varma

DS41 Symptomatic improvement of severe Darier disease with pulsed dye laser
K. Wu, C.M. Lawrence and R.B.M. Barry

DS42 A questionnaire survey of sun-protection and vitamin D advice given to patients by U.K. and Irish dermatologists
A. Corry, C. McCourt and O. Dolan

DS43 The successful use of photodynamic therapy in the treatment of sebaceous adenomas in Muir–Torre syndrome.
L. Atkinson, J. Felton and P. Coburn

DS44 The experience of U.K. dermatology trainees in dermatological surgery and laser therapy
R. Abbott and C. Roberts

DS45 Completeness of excision of malignant melanomas: changing rates in primary care and hospital practice
A. Ranasinghe, E. Rytina and P. Todd

DS46 Mohs micrographic surgery for cutaneous squamous cell carcinoma
M. Moodley, J.A.A. Langtry and R.B.M. Barry

DS47 A pearl for Mohs specimen orientation
M. Moodley, D. Vassallo, R.B.M. Barry, J.A.A. Langtry and C.M. Lawrence

Endemic pemphigus foliaceus (PF)-Fogo Selvagem (FS) and non-endemic PF share clinical, histological and immunological features. FS and PF are characterized by subcorneal blisters and pathogenic IgG4 anti-desmoglein 1 (Dsg1) autoantibodies. FS, however, shows unique features such as geographic and temporal clustering of cases in regions of Brazil, an increased frequency of familial cases in young adults and children, and HLA-DR association. Importantly, pathogenic IgG4 anti-Dsg1 antibodies in FS are restricted and predictors of disease. Additionally, FS patients possess IgM and IgE anti-Dsg1 autoantibodies. This triple autoantibody response may be linked to the inciting environmental antigen(s).

Peter Rubin will provide an update on the work of the GMC, covering particularly revalidation and education, but also touching on recent proposals for changes in fitness to practise procedures and some registration issues.

The Annual Dermatology Teachers Meeting is an opportunity to discuss issues in education.

The Dermatology Teachers Group has now become the Teachers of Undergraduate Dermatology. As previously, this will be an informal meeting to discuss new developments and current issues. Anyone interested in undergraduate teaching is welcome to attend. Expected topics for discussion include the sharing of teaching resources through the BAD and the development of smartphone learning applications. Please contact cohensn@yahoo.com with any other suggestions. I do hope to see you there.

POSTERS

The posters are situated within the exhibition area of the Capital Hall and there will be a dedicated poster viewing hour on **Wednesday July 6th from 10:00 – 11:00**. All presenting authors have been asked to stand by their poster at this time. There will also be an e-Poster area situated adjacent to the main poster exhibition.

BRISTOL CUP POSTERS

**Audit and service**

**P-1** Need for transition in dermatology: a study from a London teaching hospital  
*P. Dewan*, J. Robinson, E. O’Toole, D.G. Paige and P. Goldsmith

**P-2** Seasonal variation in 2-week-wait skin cancer referrals is not mirrored by changes in incidence of skin cancer: a message for service provision  
*O. Golberg*, A.B. Alexandroff and R.M. Burd

**P-3** Is teledermoscopy a safe and cost-effective model for triage of pigmented lesions and suspected melanoma in the U.K.?  
*S. Munn*, M. Yau, R. Moss, T. Clarke and K. Powell

**P-4** Acute dermatology referrals at a university teaching hospital  
*S.H. Hussain* and J.C. Sterling

**P-5** Patient experience of attending a regional clinical dermatology meeting: a pilot study  
*N. Bassi*, R. Hirsch and V. Jolliffe

**P-6** Swine flu audit in dermatologically immunocompromised patients  
*A. Devine* and P. Yesudian

**P-7** The costs of diagnosing and treating skin cancer using the 2-week-wait referral process  
*J. Schofield*, N. Hepburn, K. Scharrer and K. Hussain

**Cases and Case series**

**P-8** Acquired progressive kinking: a report of an adult female case affecting scalp and eyelashes  
*A. MacDonald*, J. Borg and S. Holmes

**P-9** Periocular pyoderma gangrenosum leading to ectropion formation requiring systemic therapy and surgical correction  
*F. Al-Niaimi*, R. Thampy, Y.Z. Chiang, B. Leatherbarrow and C.C. Lyon

**P-10** A rare cause of respiratory failure due to erythrodermic psoriasis  
*F. Al-Niaimi*, Y.Z. Chiang and C.C. Lyon

**P-11** Severe disseminated cowpox infection in a veterinary surgeon with atopic dermatitis  
*S. Nakash*, L. Yee and K.A. Ward

**P-12** Birt–Hogg–Dubé syndrome: the dermatologist’s role in a challenging early diagnosis  
*C. Kiely* and F.C. Powell

**P-13** Calciphylaxis: a case series  

**P-14** Recurrent Sweet syndrome due to biliary sepsis  
*A. Yong*, S. Rushbrook, M. Phillips and J. Garioch

**P-15** Multiple erythema migrans in Lyme disease  
*C. McCourt*, J. Somerville and K.E. McKenna

**P-16** Two cases of dermatomyositis with the anti-p140 antibody: proposed association between p140 and cutaneous vasculopathy  
*M.-L. Daly*, P. Gordon and J.D. Creamer

**P-17** Livedoid vasculopathy in association with adalimumab therapy  
*C. McCourt*, J. Somerville and K.E. McKenna
P-18 The development of malignant melanoma and squamous cell carcinoma following antitumour necrosis factor therapy in patients with psoriasis: a report of five consecutive cases  
P. De Mozzi, J.E. Osborne, B. Morgan, R.M. Burd and A.B. Alexandroff

P-19 Haemodialysis in epidermolysis bullosa: breaking out of the vicious circle  
C. Kasparis, T. Adni, C. Knowles, J. Clapham, V. Suresh and A.H.M. Heagerty

P-20 Topical imiquimod use in treatment-resistant mycosis fungoides  
E. Kulakov and A. Cooper

P-21 Sterile vulval furunculosis associated with topical testosterone  
Y. Mansouri, F. Humphreys and J.E. Gach

P-22 Panton–Valentine leucocidin toxin-producing Staphylococcus aureus an important consideration in recurrent skin infection: a case report and review of the dermatological manifestations  
K. Bhatt, M. Lee and I. Ali

P-23 Adult-onset multisystem Langerhans cell histiocytosis presenting with neuropsychological decline and a nonhealing axillary ulcer  
S. Raj, E. McMullen, J.D.L. Williams and L.A. Jamieson

P-24 Undiagnosed facial rash: a case series  
S. Rice, C. Vlachou, M.H.A. Rustin, K. Bhatta, R.W. Groves, A. Robson and V.J. Swale

P-25 Recurrent vs. de novo melanoma within skin graft recipient sites: two cases  
V. Scott-Lang, S. Holmes and M. Gangopadhyay

P-26 Erythematotelangiectatic rosacea following occupational ultraviolet radiation injury  
M.A. McAleer, M. Murphy and J.F. Bourke

P-27 A case of Tunga penetrans  
V. Smith and B. Mathew

P-28 A case of melanoma seeding along the biopsy tract  
R. Patalay, S. Punjabi, F. Teixeira, G. Stamp and A. Chu

P-29 Myeloid sarcoma masquerading as Langerhans cell histiocytosis  
A. Gulati and A. Chu

P-30 Frontal fibrosing alopecia: a report of 60 cases and review of the literature  
A. MacDonald, C. Clark and S. Holmes

P-31 Comparison of clinicoepidemiological profile of childhood vitiligo with adult vitiligo: an analysis of 1325 Indian patients with vitiligo  
J. Kaur and A.J. Kanwar

P-32 Neonatal digital ischaemia treated successfully by surgical peeling of constricting membrane in atypical harlequin ichthyosis  
F. Browne, B. Richards, C. Moss and S. Taibjee

P-33 A case series of hidradenitis suppurativa in patients with Down syndrome  
C. Kiely, M. Malik, S. Nasir, N. Ralph, A.-M. Tobin and R. Watson

P-34 Central nervous system disorder of unknown aetiology as a cause of neuropathic pruritus  
A. Chandrakumar and C. Bunker

P-35 Two unusual cases of syphilis  
N.C. Chetty, E. Julian, J. Meaden and S. Shah

P-36 Novel combination of intravenous immunoglobulin and rituximab in the treatment of recalcitrant pyoderma gangrenosum  
M. Bennett, M.A. McAleer, M. Murphy, S. Harney and J.F. Bourke

P-37 Angiosarcoma in two patients with renal transplant  
B. Arun, M. Picton, H. Riad, G. Hall and J.T. Lear

P-38 Eruptive angiomas: an unusual manifestation of chronic cutaneous graft-versus-host disease  
C. Rodgers and S.M. Burge

P-39 A case of vasculitis due to type II essential cryoglobulinaemia successfully treated with mycophenolate mofetil  
M. Shah, R.B.M. Ali and A.J.G. McDonagh
P-40 Severe systemic lupus erythematosus manifesting as Degos-like disease after rituximab: response to thalidomide
L. Atkinson, J.R. Felton and J. Hextall

Therapy

P-42 Serious infections in global clinical trials of adalimumab in moderate to severe psoriasis
R.G. Langley, B.E. Strober, K. Reich, A. Asahina, Y. Gu and S. Rozzo

P-43 Intense pulsed light and its immunomodulatory effect via interleukin 10 in patients with acne
M. Taylor and M. Gonzalez

P-44 Effect of high-dose pulsed glucocorticoids on bone mineral density in patients with pemphigus vulgaris in an open-label, prospective study
G. Singh, S. Handa, I. Kaur, N. Khandelwal and V. Gupta

P-45 Efficacy and safety results of briakinumab vs. etanercept and placebo in patients with moderate to severe chronic plaque psoriasis
A. Menter, A. Gottlieb, C. Leonardi, F. Kerdel, Y. Gu and J. Valdes

P-46 Mutation-specific small-interfering RNA therapy for epidermolysis bullosa simplex

P-47 Systematic review of topical interventions for genital lichen sclerosus
C.-C. Chi, G. Kirtschig and F.T. Wojnarowska

P-48 Isotretinoin and laser eye surgery: time to see the problem
R. Simpson, S. Varma and M. Malik

P-49 Diphencyprone immunotherapy for viral warts in immunosuppressed patients
H. Audrain and D. Buckley

P-50 Standard-dose isotretinoin vs. a combination of low-dose isotretinoin and azithromycin pulse in management of severe acne: preliminary report of a randomized study
D. De and A.J. Kanwar

P-51 An audit of thalidomide: indication, monitoring and side-effects
H. Hunter and D. Edgar

P-52 Combination surgery: when stable lesion rather than stable disease is an inclusion criterion for the surgical management of vitiligo
A.P. Holla and D. Parsad

P-53 Intraepidermal injection of autologous noncultured epidermal cell suspension in lesions of stable vitiligo: a novel method of repigmenting vitiligo
S. Kumar, S.S. Pandey, A.K. Gulati and J. Shukla

P-54 Response to retreatment with ustekinumab after withdrawal from therapy in patients with moderate to severe psoriasis: results from the PHOENIX 1 and ACCEPT phase 3 clinical trials
C.E.M. Griffiths, K. Gordon, P.O. Szapary, S. Li, S. Fakharzadeh and K. Papp

P-55 Efficacy and cost-efficiency of diphencyprone for alopecia areata
A. Bhat, K. Sripathy, S. Wahie and M. Carr

P-56 Is generic isotretinoin as effective as Roaccutane® in the treatment of moderately severe acne?
G. Garrett, D. Hewett and R. Morris-Jones

P-57 A randomized comparison of aqueous cream and Oilatum® Junior bath additive on skin barrier function in atopic dermatitis
S. Danby, T. AlEnezi, J. Chittock, K. Kennedy, A. Sultan and M. Cork

P-58 A retrospective analysis of diphencyprone therapy for alopecia areata in 60 patients
M. Khan and J.E. Gach

P-59 Fumaric acid esters: a suitable first-line treatment for severe psoriasis
K. Heelan, L.-A. Murphy, A. Murphy, P. Marren and T. Markham

P-60 Steady-state pharmacokinetics of hydroxychloroquine in patients with cutaneous lupus erythematosus
H. Al-Rawi, F. Williams, N.J. Reynolds, S. Meggitt and S. Wahie

P-61 Dyslipidaemia in patients with cutaneous T-cell lymphoma treated with bexarotene
M. Eagle, S.J. Whittaker, S.L. Morris, A. Wierzbiki and J. Scarisbrick
P-63 Local adverse event database for biological therapies for psoriasis complements drug safety data derived from the British Association of Dermatologists’ Biological Interventions Register
A. Davison, T. Bale, J. Ingram, R. Goodwin and A.V. Anstey

P-64 Alitretinoin: the Scottish experience
V. Scott-Lang, J. Norris, R. Hardie, C. Green, G. Gupta, C. Morton and D. Kemmert

General Dermatology

P-65 Human immunodeficiency virus dermatology challenges in South Africa
L. Griffin and W. Sinclair

P-67 Does the use of Sebutape® in clinic inform acne management?

P-68 Tumour necrosis factor receptor-associated periodic syndrome: the impact of cutaneous features on quality of life
V. Hogarth, B. Moriarty, F. Child, S. McBridge, L. Carr and H. Lachmann

P-69 Addressing foot problems in epidermolysis bullosa: a novel approach
L. Cotton, J. Ramos and A.H.M. Heagerty

P-70 The use of a blood test for the acute diagnosis of an unusual allergic contact dermatitis

P-71 Surgical excision and postoperative radiotherapy for keloids: a patient survey
L. Ferguson, C. Goh and C. Collis

P-72 Polycystic ovarian syndrome: does a specific clinical acne phenotype exist?
L. Savage and A. Layton

P-74 Suppressor of cytokine signalling 3 in the pathogenesis of atopic dermatitis
N. Cooke, K.E. McKenna, S. Elborn and J. Johnston

General Dermatology with Psychology

P-75 Development of the Major Life Changing Decisions Profile: a novel approach to measure the long-term impact of disease
Z.U. Bhatti, S. Salek and A.Y. Finlay

P-76 Clinical outcomes and recurrence rates following treatment for delusional infestation
S. Wong and A.P. Bewley

P-77 Treatment decision-making in people with psoriasis: an analysis using the Necessity-Concerns Framework

P-78 Managing psychological morbidity in patients with psoriasis using a novel online treatment programme: the e-TIPs study
C. Bundy, B. Kaur-Pinder, S. Bucci, N. Tarrier and C.E.M. Griffiths

P-79 The effect of nonpharmacological ‘stress’ reduction therapies upon the clinical and psychological outcomes of people living with psoriasis: a systematic narrative review
B. Shackleton, R. Thorneloe, J. Knopp, K. Perryman, A. Chisholm, C. Bundy and C.E.M. Griffiths
Skin cancer

P-80 Treatment of carcinoma in situ of the penis with topical chemotherapy agents
H.M. Alnajjar, W. Lam, M. Bolgeri, C. Corbishley, M. Perry and N. Watkin

P-81 Improved survival for melanoma in Northern Ireland 1984–2008
H. Hunter, D. Donnelly, A. Gavin, E. McMullen and O. Dolan

P-82 The ‘ABCD’ mnemonic does not function as a useful guide in assisting novices with the diagnosis of melanoma
R.B. Aldridge, M. Zanotto, L. Ballerini, R. Fisher and J. Rees

P-83 Delay in recognition of confirmed melanomas
C. Henderson and D. Hancock

Education and training

P-84 Skin cancer awareness in patients with renal failure likely to receive a renal transplant
S.J. O'Shea, P. O'Driscoll, A. Harrington, E. Dennehy, W.D. Plant and M. Murphy

P-85 Skin cancer awareness in transplant patients: improvement with involvement of renal transplant co-ordinator

P-86 Outpatient clinic teaching remains the most popular method of learning dermatology
A. Corry, M. Boohan and S. Hoey

P-87 Attendees at a pigmented lesion clinic may hear and see but don’t recall public safety skin cancer campaigns
S. Field, J. Buckley and M. Murphy

P-88 Natural rubber latex allergy: assessment of knowledge, appropriate use of gloves and prevention practice among hospital healthcare workers
F. Al-Niaimi, Y.Z. Chiang, Y.N. Chiang and J.D.L. Williams

P-89 Skin cancer awareness and sun-exposure behaviour in the U.K.
D. Butler, A. Lloyd-Lavery, C. Archer and R.J. Turner

P-90 Placements in dermatology increases junior doctor confidence and preparedness to practise
P. Laws, P. Baker and M. Singh

P-91 Supporting the future: developing opportunities for a career in dermatology
A. Weidmann, J. Yell, T. Griffiths and M. Singh

P-92 What exactly do students learn in their undergraduate dermatology attachment? The effects of current teaching on students’ diagnostic accuracy for skin cancer and its mimics
R.B. Aldridge, S. Maxwell and J. Rees

P-93 Perceptions of postgraduate doctors to interactive live-link surgical sessions in dermatology
J. Vyas, L. Allery and M. Gonzalez

P-94 Survey of education levels of changing lesion detection and sun-safe behaviours in patients with early melanoma
S. Lingard, A. Ring and E. Topham

For events at ICC London, including the ICC Capital Suite, ICC Capital Hall and ICC Auditorium, please alight at Prince Regent for ExCeL (East) and follow the covered walkway to the east entrance of ExCeL London. Once you’ve entered the venue please follow the venue signage or ask ExCeL London personnel at the east information desk for further assistance.
Delegate Bags
The Conference & Events Department is aiming to limit the impact the Annual Meeting has upon the environment.
Conferences and exhibitions provide a huge amount of waste and this year we aim to continue to implement measures to improve this.
Following delegate feedback from last years meeting delegates will be provided with a generic delegate bag (as illustrated). This bag is made from recycled plastic bottles and has the BAD Logo on the side.
We have made a decision not to include a sponsor, date or annual meeting destination. This will enable you to reuse the bag for other annual meetings as well as other BAD meetings. We hope this will become your BAD ‘Bag for Life’.
If you have a bag from the 2010 meeting – please bring it with you

Evaluation Form
This year’s evaluation form will be on-line and all attendees will be sent a link after the meeting.
Thank you in advance for taking the time to complete it, as it is an invaluable tool for us in organising future meetings.

CES MEETINGS CALENDAR

SEPTEMBER 2011
SpR Training Event
Venue: BAD House, London
Date: 29th September - 30th September

OCTOBER 2011
Clinical Dermatology Update
Meeting for Staff and Associate Specialist Doctors
Venue: Radisson SAS, Manchester
Date: 6th – 7th November

Severe Cutaneous Adverse Reactions (SCAR) Symposium
Venue: Royal College of Physicians, London
Date: 13th October

NOVEMBER 2011
British Society for Paediatric Dermatology
Venue: Albert Hall, Nottingham
Date: 11th – 12th November

The Annual UK Dermatology Course for Consultants
Venue: The Hilton Paddington Hotel, London
Date: 18th – 19th November

DECEMBER 2011
Psoriasis: from Gene to Clinic
Venue: Royal College of Physicians, London
Date: 1st – 3rd November

For Further Details on any of these meetings please contact:
• Conference & Event Services; 4 Fitzroy Square London W1T 5HQ
• Email: conference@bad.org.uk
• Tel: 020 7391 6358
Psoriasis
• Regional Variations of Psoriasis

Inflammatory Dermatoses
• Pregnancy Dermatoses
• Discoid Eczema

Urticaria / Mastocytosis / Pruritus
• History Taking and Quality of Life (QoL) in Chronic Urticaria
• Diagnostic Tests in Urticaria
• Physical Examination as an Aid to Diagnosis
• Mediators and Mechanisms of Itch

Systemic Diseases
• Systemic Lupus Erythematosus
• CREST
• Morphoea

Pigmentary Disorders
• Treatment of Vitiligo

Hair and Nail Disorders
• Localised Alopecia

Sebaceous and Sweat Gland Disorders
• Rosacea and Perioral Dermatitis
• Axillary Hyperhidrosis

Dermatopathology
• Histopathology and Laboratory Processes
• Taking the Right Biopsy

Contact Dermatitis
• Patch Testing Technique and Interpretation
• A Beautician with Facial Dermatitis
• Dermatitis in a Leg Ulcer Patient

Paediatric Dermatology
• Congenital Melanocytic Naevi
• Capillary Malformation
• Infantile Haemangioma
• Childhood Lymphatic Disorders
• Eczema Herpeticum
• Facial Lumps and Bumps: Pilomatricoma

Genetics
• Glossary of Genetic Terms
• Keratoderma II
• Scanty Hair

Dermatological Surgery
• Local Anaesthesia
• Cautery and Electrosurgery

Photodermatology
• Sunlight and Human Exposure
• Vitamin D in Health and Disease
• Phototesting Using the Irradiation Monochromator
• A Florid Rash During Phototherapy
• Scarring Eruption I
• Scarring Eruption II
• Sunburn - Or is it?
• Photosensitivity in Childhood

Genito-urinary Medicine
• Sexual History
• Genital Herpes, Virology and Pathogenesis
• Bacterial Vaginosis
• Chlamydia Trachomatis: Natural History and Management
• Trichomonas Vaginalis
• Diagnosing Gonorrhoea
• Gonorrhoea: Natural History and Management
• Disseminated Gonorrhoea

Genital Disorders
• Male Genital Examination
• History and Examination - Female
• Lichen Planus - Female
• Lichen Sclerosus - Female
• Genital Oedema
• Localised Vulval Pain
• Vaginal Candida Albicans and Other Yeast Infections

Skin Infections
• Infectious Blisters

Benign Skin Tumours
• Diffuse Pigmented Naevi

Topical Therapy
• Cytotoxics and Imiquimod

Psychodermatology
• Delusions of Parasitosis
PSORIASIS
FROM GENE TO CLINIC
6th International Congress
The Royal College of Physicians, London, UK
1st-3rd December 2011
Organised by Conference and Events Services of The British Association of Dermatologists under the auspices of St. John’s Institute of Dermatology, Kings College London and the Dermatology Centre, University of Manchester

Please put the date in your diary!

CO-ORGANISERS
Jonathan Barker London, UK
Christopher Griffiths Manchester, UK

SCIENTIFIC COMMITTEE
Hervé Bachelez Paris, France
James Elder Ann Arbor, USA
Knud Kraghalle Aarhus, Denmark
Alan Menter Dallas, USA
Frank Nestle London, UK
Errol Prens Rotterdam, The Netherlands
Jörg Prinz Munich, Germany
Peter Van de Kerkhof Nijmegen, The Netherlands

EMERITUS SCIENTIFIC COMMITTEE MEMBERS
Enno Christophers Kiel, Germany
Alberto Giannetti Modena, Italy
Jean-Hilaire Saurat Geneva, Switzerland
John Voorhees Ann Arbor, USA

PROGRAMME
The programme will concentrate on key issues relating to psoriasis at both scientific and clinical levels. There will be keynote and invited lectures present.

Plenary sessions will cover the following topics:

• Genetics
• Immunology and immunity
• Co-morbidities and outcome measures
• Targeted therapeutics

For further information please contact:
Organising Secretariat
