

Acute Medical Update

(6 CPD credits available)

11 December 2018, 8.30am - 5pm

Topics covered include:

- * Electrolyte disturbance
 - * Diabetes
- * Strokes and seizures
- * PEs and thromboembolic disease
 - * Acute cardiology
 - * Asthma and COPD
- * Management of treatment related rashes
 - * Escalation to ITU
 - * Sepsis and the deteriorating patient
- * Elderly care and frailty

*This course provides **6 CPD credits** in accordance with the CPD Scheme of the Royal College of Radiologists*

This one day course will provide attendees with increased confidence in handling a variety of acute medical problems; particularly useful for providing an update for consultants on call.

Who is the course for?

Consultants, senior registrars and SAS/staff grade doctors working in specialist medicine areas (e.g. Oncology, Neurology, Palliative Care) who are looking for an update on general medicine. It may also appeal to specialist nurses.

Cost:

£200 (Early bird rate of £180 available until 30 September 2018)

£50 for Sheffield Teaching Hospitals staff

Venue:

Lecture Theatre, First Floor, Weston Park Cancer Centre, Whitham Road, Sheffield, S10 2SJ
