

“Habit Reversal & Atopic Eczema”

A multidisciplinary meeting

Thursday 23rd March 2017 14.00 – 17.00

The Medical Society of London, Chandos Street, London W1G 9EB

with

Peter Norén, Richard Staughton and Chris Bridgett

Our joint interest in habit reversal and The Combined Approach for some patients with atopic eczema goes back over 25 years to when Richard heard about Peter’s early work in Uppsala. Since then we have seen his treatment programme transform the lives of so many of our patients. Our interest in having this meeting stems from our concern that this successful, non-toxic regime be made more widely available.
